

# How Can we - Improve our Highways and Pavements

- Byfleet, West Byfleet & Pyrford 13<sup>th</sup> June 2007

## Facilitators

Richard Mallet

Jo Jarlett

## Highways (Problems)

- How do the Council prioritise road issues?
- W Byfleet & Pyrford – Parvis Rd
  - Surface broken up
  - Road sunk
- Hart Rd
  - Pot holes – holes get bigger
  - Parking – St Mary's school – grass verge & pavements
- Old Woking Rd
  - Resurfaced inadequately
- Godley Rd Jct Church Rd
  - Potholes
- Ripley to humpback bridge – Newark Lane
  - Serious potholes
- Pavements
  - Madeira Rd – needs resurfacing – paving v. dangerous – Tesco's – block paving is dangerous
- Footpaths
  - Dartnell park rd – overgrown hedges – no footpath
- Lots of chalk marks but nothing done
- Lots of raised drains
- Traffic congestion & lack of parking in Camp Hill Rd
- Utilities not putting roads back to a decent standard
- Oyster Lane
  - Mess on grass from road maintenance
  - Road is filthy
  - Lots of car parking from Tosco/M&S
- M25
  - Quiet Surface
- Rat run
  - Vehicles using village rd as rat runs
  - Coming off A3 Newark Lane, Coldharbour Lane & Pyrford common Rd
- Bruce Close
  - Everyone parks on the grass causing obstructions
  - Make road wider
- Sub-contractors not controlled
- Roads too small to deal with the development – Tesco's/M&S etc...

## Highways (Solutions)

- Parvis Rd – Surface broken and sunk
  - Subcontractors supervised (monitored) by SCC
  - Building contractors to subsidise roads
  - More employees less subcontractors
  - No temporary repair
  - Different/decent road surface
- Hart Road
  - Make it one way
  - Gates opened between Church Rd and Hart Rd
  - Posts on grass verges
  - Enforce HGV parking restrictions
  - Provide more parking
  - Hedges need to be cut back
  - Facility for children to be busses to school
    - § Yellow bus scheme
    - § Walking buses
- A3 rat run
  - Build the Eastern approach Rd
  - HGV ban
    - § Enforce weight limit on bridge
  - Signage review to send lorries elsewhere
- Speed humps
  - NO to speed humps
  - 30 mph flashing signs = better
  - Continuity in traffic calming measures
  - Old Woking Rd – something needs to break up the straight run
    - § Speed cameras
  - Replace temporary traffic calming on Parvis Rd
    - § Re-instate feeder lane
    - § Put a crossing in (Tesco's)
- Council publicise schedule of surveys so public can contribute
  - Put on internet
  - Prioritise Rd issues

What would you like for the future?

- No more development in Byfleet
  - No more flats
- Better road cleaning and drains
- Divert traffic from Byfleet, W. Byfleet & Pyrford
- Comprehensive count-wide school bus service
- Doctor in St Mary's centre one day a week for elderly
  - No bus service to doctor's surgery
- Limit size of lorries
- SCC to implement quality road maintenance programme
- Main entrance to Brooklands in Weybridge
